Education is the foundation of a successful future. It not only provides the knowledge and skills necessary for a fulfilling career but also the important values such as discipline, perseverance and responsibility. Lady Florence Convent School strives to provide a holistic learning experience to the students. At LFCS they learn not only from textbooks but also from real-life experiences of our well qualified and experienced educators.

As an Educator, I had always an earnest desire to monitor and build a place where education is blended in all colours of human values. Today, I feel proud to see that my dream is coming true in the form of an educational institution capable of providing education in its true sense for life. LFCS is taking shape through all odds and becoming one among the premier schools in Gurugram.

I am happy to be an eminent member, devoted role player, serving in the capacity of the Principal of this fast growing school of the city. It is indeed a matter of pleasure for me that I got associated in serving the motto which inspires and empowers the school and makes it stand tall and palpable towards excellence in education.

LFCS is a group of diverse experiences and outlooks committed to excellence in preparing learners for enriched opportunities worldwide. In short, learning at LFCS is a wholesome package of attitude, challenge and opportunity.

Best Wishes!

Recognition and Applause

We are extremely pleased with the overall development of our child at Lady Florence Convent School. The teachers' dedication and the nurturing environment have positively impacted her academic and personal growth.

The communication between the school and parents is excellent. Regular updates on our child's progress and a welcoming approach to addressing concerns have made us feel connected and involved.

The school's safe and inclusive environment fosters a sense of belonging. Our child enjoys going to school every day, which speaks volumes about the positive atmosphere.

I am happy that my child is attending LFCS. The school is absolutely fantastic, I can't even begin to express how fortunate I feel to have my child attend LFCS and how much credit the school deserves for my ward's academic success, which comes not only from her tenacity and diligence but also from the wonderful staff and management.

In every activity, the school excels. The principal and coordinator ma'am are really helpful. My son's class instructor encourages and supports him in his academics. After researching other schools, I finally settled on this one for my son, who also adores his school.

Excellent organized and designed academic program. All teachers, the coordinator, and the principal made good attempts. Staff members work nicely together, and teachers have the ideal methods for teaching. They offered guidance to the pupils, and their enthusiasm and encouragement made the students' futures brighter. My youngster is receiving excellent grooming.
